Un senso di protezione.

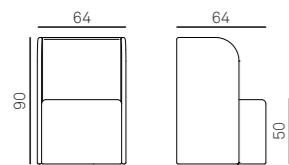

A dettare lo stile della poltrona è soprattutto il design dello schienale alto che, in pelle, ecopelle, econabuk o tessuto, è avvolgente come un abbraccio.

A sense of protection.

The armchair's style is dictated, above all, by the design of its high back, which is upholstered in leather, eco-leather, eco-nubuck or fabric and wraps round the occupant in a hug.

Comodità al femminile.
Le cuciture attraversano lo schienale imbottito e lo valorizzano.
L'amore per il dettaglio e la cura sartoriale si siedono qui.

Comfort shows its feminine side.
Stitching runs across the padded back for added luxury.
A love of detail and skilful tailoring sit happily side by side.

Informali, originali, morbidi e scanzonati, i pouf danno nuove forme alla convivialità. Quasi mai da soli, in compagnia danno il meglio di sé.

Casual, original, soft and easygoing, ottomans add a new twist to any hang-out zone. Rarely solitary, they really come into their own when they're in company.

La forma è tutto.
Una sagoma irregolare per un tavolino dallo spirito moderno.
Leggero nelle linee ma allo stesso tempo forte nel design.

Form is everything.
An irregular shape for a modern-minded side table.
Light in its lines yet strong in design.

specchi

mirrors

Lineari e moderni, originali e insoliti per forma o materiale, gli specchi vanno scelti in sintonia con lo stile dell'ambiente e anche pensati per creare originali composizioni a parete.

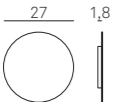

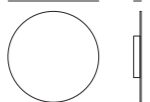

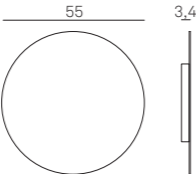

Linear and modern, in original and unusual shapes or materials, mirrors should be chosen to suit the style of your home or arranged so as to create original wall compositions.

Uno specchio da posizionare senza una regola precisa, che porta sulla parete le forme e la magia delle bolle di sapone.

Mirrors you can position on the wall at will to conjure up some of the magical wonder of blowing bubbles.
