Falco

project

Divani dallo stile moderno, elegante e rigoroso, caratterizzati da funzionalità poliedriche. La poliedricità è certamente una delle caratteristiche principali di questo progetto. Tre modelli simili ma diverse declinazioni del capostipite: il Falco. Il progetto prevede poggiatesta sollevabile per tutte le versioni per garantire una corretta ergonomia di seduta. Le fiancate sono caratterizzate da nastri metallici che ne percorrono il perimetro.

Falco project

il giusto mix tra relax e socialità

the right balance between comfort and conviviality

Sofas with a modern, elegant and rigorous style. Characterised by multifaceted functionality. Versatility is one of the main characteristics of a project that offers similar models but in different variations of the original. This is the "Falco". The design includes a liftable headrest in all versions that ensures correct seating ergonomics. The sides are characterised by metal strips running around the perimeter.

06

Il Falco (PRM 1190), capostipite della collezione, è caratterizzato dal *poggiatesta sollevabile manualmente che si estende sul bracciolo e dalle versioni angolari.

07

Falco

Nelle versioni con spalliere basculanti è possibile aumentare la profondità di seduta traslando il blocco spalliera.

Non sono consentite le versioni recliner.

* poggiatesta che si estende sul bracciolo
headrest that extends over the armrest

08

Falco

*As the progenitor of the collection, the "Falco (PRM 1190)" is characterised by a
* manually liftable headrest that extends over the armrest and the corner versions.*

* poggiatesta sollevabile manualmente
manually liftable headrest

In the versions with tilting backrests, the seat depth can be increased by moving the backrest mechanism.
Recliner versions are not available

Q62

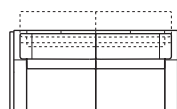

Nelle versioni con spalliere basculanti è possibile aumentare la profondità di seduta traslando il blocco spalliera.

In versions with tilting backrests, the seat depth can be increased by moving the backrest outwards.

Falco Relax

A differenza del Falco, il suo poggiatesta sollevabile manualmente non si estende sul bracciolo e gli conferisce un look più compatto.

Il Falco Relax (PRM 1190_R) comprende le versioni basculanti, recliner e angolari e garantisce un comfort adeguato per ogni esigenza.

Per la prima volta in un unico modello convivono versioni relax, spalliere basculanti, versioni angolari, chaise longue, poltrone meridien. Le combinazioni sono infinite, il solo limite è la fantasia.

Falco Relax

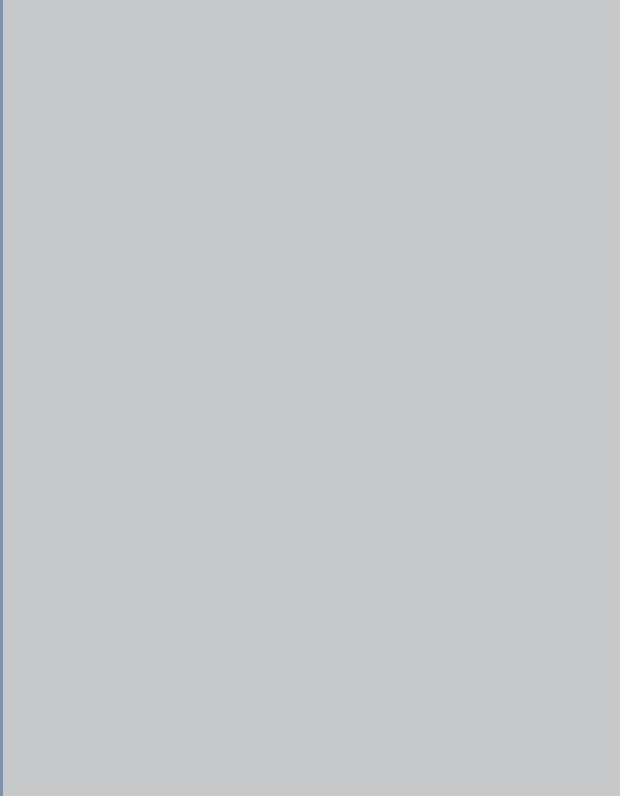

Falco Relax

Unlike the "Falco", its manually liftable headrest does not extend over the armrest, which gives it a more compact look. The 'Falco Relax' (PRM 1190_R) comes in tilting, reclining and corner versions and guarantees adequate comfort for every need.

For the first time, a single model combines reclining versions, tilting backrests, corner versions along with chaise-longues and meridian armchairs. The combinations are infinite and the only limit is your imagination.

Falco 2.0

Il Falco 2.0 è il 'fratello tecnologico' del Falco in quanto per le versioni recliner dispone di poggiatesta sollevabile elettricamente e come nel Falco Relax, non si estende sul bracciolo. Il Falco 2.0 non prevede versioni angolari e basculanti.

The 'Falco 2.0' is the 'technological brother' of model Falco, as recliner versions feature electrically liftable headrests which, like the Falco Relax, do not extend over the armrests. Falco 2.0 configurations do not include corner and tilt versions.
